

Skipton Castle Woods spotter sheet
How many of these trees, birds and minibeasts can you spot?

Beech

Oak

Scots pine

Red kite

Worm

Skipton Castle Woods top spots

Wren

Ladybird

Butterfly

Grey heron

Top tip: spot red kites hunting above the woodland edges, and the grey heron near the waterfall and Eller Beck.

Use a magnifying glass to carefully examine leaves, flowers and minibeasts.

Enjoyed Skipton Castle Woods? Discover Nidd Gorge!

Where: Just off the B6165, one and a half miles north-west of Knaresborough.

Home to: Roe deer, tawny owls and herons – and a whopping 91 species of fungi!

Anything else? Nidd Gorge is actually made up of five woods, each filled with trees, wildflowers and wildlife. And remember to explore the riverside and spot amphibians and fish.
