## History hunt!

We've hidden a trail of six boxes or caches in Skipton Castle Woods.  
Find each one to discover how people lived in Skipton and used the woods 900 years ago.  
Can you find them all?

### The Huntsman

Search under the tree branches of the fallen tree.

### The Baron and Lord

Top of the steps, tree stump on the left ahead.

### The Forester

Fallen tree mound, just after the stream.

### The Villager

Under the bridge and woodchip! (take care)

### The Carpenter

In the roots rocks, above the logs.

### The Herbalist

Under the small fallen tree.

# History hunt!

## We've hidden a trail of six boxes or caches in Skipton Castle Woods.

Find each one to discover how people lived in Skipton and used the woods 900 years ago.

Inside each is a visitor's book (to put your name in to let other history detectives know you found it before them!) and a stamp to collect.

Collect your historycache stamps here.
